COLORADO RIFLE CLUB

September 3, 2018

REMINDER:

Always check the [Event Schedule](#) for Activities Before Going to the Range!

ALL RANGES CLOSED OCTOBER 6 AND 7 FOR THE FALL WORK DAYS

The fall work days and range cleanup are Saturday and Sunday, October 6-7. This is the last opportunity to get in your work bond & help get our range ready for the winter. The club was built by volunteers and is maintained by those same volunteers. By participating in work days you become part of the members who created our facility and keep it available as a first class shooting venue. Also, you will meet fellow club members who share a common interest in shooting sports.

There will be projects to be done both days. We will build target frames, repair fences and clean up summer debris among other projects. All ranges are closed during the work days for safety of the members.

Come to the range early either morning and report to the ranch house for instruction. Bring a lunch, we will provide refreshments. Contact Dave Paananen dpaananen@netzero.net for more information.

GATE REMINDERS

When using the gate lock, line up the combination numbers on the top.

Keep the gate closed and locked, unless an event sign is posted. During events, the last match director to leave will close and lock the gate.

COLORADO STATE SMALLBORE CHAMPION

Ryan Waxler, right, won the State Smallbore Championship on August 18, 2018. This annual event is a two day match, firing 160 record shots each day. Waxler is classified as a Sharpshooter yet he outshot all of the Experts and Masters on the line. Well done, Ryan!

The photo below shows the firing line during the State Match. Participants may choose to fire prone position (using a sling) or F-Class (using a rest). New participants are welcome, we'll even provide the equipment for those wishing to try it out.

ADS FOR MEMBERS FROM MEMBERS

BSA Boresight Kit
\$35.00
sherri@mavcom.com

I have a wet polisher that I built, and lost interest in the project. I have about \$150 in it. Free to someone handy, it needs finishing, and the pins. If you want to give me something for it fine.
